## How do kids discover their full potential? How do they learn their God given abilities?

- Give them every opportunity to excel in life.
- Your family, home and community is important.
- As a parent we encourage you to fill the void in your kid's life before someone else does.
- 360 Family Ministries encourages all parents to get their children involved in life; community activities that are healthy, sports that are fun and yes sometimes not the favorite.
- Teach them things that lead to moral hobbies, arts, and just plain ole family fun. Family outings are fun; camping, hiking, fishing, biking, and muchmore.
- Mentorship, tutoring, and special classes are excellent ways to help kids who are struggling in classroom study or just want to learn other things in life.
